

**BLACK MOUNTAIN
SOFTWARE**

ACH DIRECT DEPOSIT

Give your employees the convenience of payroll direct deposit. With **ACH DIRECT DEPOSIT** software your clerk saves time, your entity saves money, and your employees have a banking option they have come to expect. This module eliminates the processes of printing, stuffing, and mailing checks, and saves money on supplies and postage.

FEATURES

Employee net wages can be deposited electronically into as many different banks or credit unions and as many checking or savings accounts as desired

Payments process automatically creating the ACH (Automated Clearing House) file and employee stub

Can be temporarily overridden, enabling printing of checks

Email direct deposit pay stubs

As easy as printing regular paychecks

Existing payroll process remains essentially unchanged

Employees can choose to either have printed checks or Automated Clearing House (ACH) electronic direct deposit

Employees can designate more than one bank or credit union and multiple accounts

Compliant with National Automated Clearing House Association (NACHA) Rules and Regulations

REPORTS

Direct Deposit Setup Report

Direct Depositors

ACH File Parameters

Payroll Worksheets can be run for direct depositors, not direct depositors, or all

Payroll Summary separates net pay into checks and direct deposit

ACH Direct Deposit is an add-on module for BMS Payroll.
